

GRADES K—4

Getting Ready for Kindergarten (Phonics and Storytelling)

This fun class emphasizes the word study continuum, which consists of nine categories of learning that students will develop over time. They are: early literacy concepts, phonological and phonemic awareness, letter knowledge, letter / sound relationships, spelling patterns, word structure, and word solving actions. \$135

June 13 – July 25 6 Saturdays 9:00 – 10:00

Reading Club—Grade 1

Reinforce the five fundamental components that each child needs to learn to be a successful reader: fluency, comprehension, phonics, phonemic awareness, and vocabulary. The workshop will also emphasize the reading and writing connection that is vital to your child's growth in the language arts. \$145

June 13 – July 25 6 Saturdays 10:00 – 11:00

Getting Ready for Second Grade

In this exciting class, we will work with students in both math and language arts. Students will work to strengthen application and processing skills necessary for success in second grade. In Language Arts, students will engage in guided reading and writing, all within a balanced literacy program. Second Grade Georgia Performance Standards will guide instruction. Pizza & drinks included. \$165

June 16 – July 21 6 Tuesdays 4:00 – 5:00

Reading Success—Grades 3-4

These are important years in which your child expands reading skills and builds interest in, and love for, books. We will focus on different authors and illustrators in a variety of genres and help students gain a wide range of skills while increasing their confidence as readers. Pizza & drinks included. \$165

June 17 – July 22 6 Wednesdays 3:00 – 4:00

Writing Can Be Fun!—Grades 3-4

Who says writing can't be fun? In this 7-week workshop, young writers will produce six pieces of original creative writing, take photographs to illustrate their work, and bind it all into a lovely hardcover book of their own making. (And go back to school in the fall with a new zest for writing that teachers will be sure to notice!) The workshop culminates in an evening poetry reading for family and friends to attend. Workshop is taught by UGA writing instructor. Pizza & drinks included. \$185

June 17 – July 22 7 Wednesdays 4:00 – 5:00

GRADES 5—8

Middle & High School Transition: Focus on Study Skills

Close the gap between elementary & middle school or middle school & high school through an intensive prep course in study skills and organization in the context of literature study and expository writing. An expert in educational transition will teach the courses. \$185

Middle School June 17-July 22 (6 Wed.) 4:30-5:30

High School June 17-July 22 (6 Wed.) 5:30-6:30

Writing Team

Success as a student means being able to write a well-organized and detailed essay. This class will teach the six basic traits of excellent writing: voice, organization, sentence structure, fluency, grammar and punctuation, as well as critical thinking skills. A professional writing instructor will lead these lessons. Pizza & drinks included. \$185

Grades 5—6

June 17-July 22 6 Wednesdays 5:00 – 6:00

Grades 7—8

June 18-July 23 6 Thursdays 6:00 – 7:00

Reading Enrichment—Grades 5 & 6

Help your child continue to expand reading skills and build interest in, and a love for, books. We will focus on different authors in a variety of genres and help students gain a wide range of skills while increasing their confidence as readers. Pizza & drinks included. \$185

June 17- July 22 6 Wednesdays 4:00-5:00

Reading Prep—Grades 7 & 8

Students will learn important reading strategies for success in middle school. We will teach strategies for both nonfiction and fiction. Students will learn how to make reading inferences, draw accurate conclusions and read with purpose. \$185

June 18-July 23 6 Thursdays 5:00-6:00

Exploring Science

Students will love learning more about the world of science through interactive classes on topics such as weather, electricity, marine life and ecology..... UGA science instructors will work alongside your child to help him or her gain important skills in observation, data collection, and graph building. Tap into skills that may lead to a future in the field of science! \$185

June 17-July 22 6 Wednesdays 12-1pm: 5th & 6th grade
1:30-2:30:7th & 8th grade

GRADES 9—12

Advanced Literature Studies

With great literature as a context, high school students will gain necessary skills in critical thought and discussion. Model authors will be studied for excellence in writing style. This course can be taken in conjunction with the Advanced Writing Seminar in order to prepare students to be critical readers as well as sophisticated writers. Pizza and drinks included. \$185

June 18-July 23 6 Thursdays 5:00 – 6:00

Advanced Writing Seminar—A Novel Approach

Let a professional writing instructor help your child develop the critical skills needed to write an effective literary essay. This course can be taken in combination with Advanced Literature Studies to provide a richer context of study. Pizza and drinks included. \$185

June 16-July 21 6 Tuesdays 5:00 – 6:00

College Planning Seminar

For high school students interested in examining their interests, values, and abilities in terms of types of colleges, programs and majors that will be the best fit for success. Individuals will take academic, career and life assessments to help determine a plan for the future. Research and review of college applications will be conducted. Group and individual counseling will be used to guide in planning and decision-making. \$265

June 17–July 22 6 Wednesdays 6:00 – 7:30

Acing the College Essay

In this course an expert writing coach will provide individualized instruction on planning, organizing, and writing the college essay to ensure success in the competitive college application process. Pizza & drinks included. \$265

June 18-July 23 6 Thursdays 6:00 – 7:00

SAT/ACT Prep

Our test prep programs are designed to maximize familiarity with a given test, not only in terms of test structure, but more importantly, in question design. It is no doubt important to have mastered the subjects covered on a specific test in school, but achieving the highest score possible has as much to do with breaking down a question as understanding the underlying material. This workshop combines classroom instruction, one-on-one tutoring, and proctored practice SAT/ACT exams. Pizza and drinks included. \$985

July 27–October 1 20 Sessions Mon / Thur 5:00-7:00
